Bus Rules

When a chaperone is speaking you are to listen and do not talk. (It is very important that roll be correct each time we leave a destination.)

Noise needs to be kept to a minimum. No yelling across the bus. No radios or electronic devices without ear buds.

Nothing goes outside the windows of the bus. Including arms various body parts or any object.

If a chaperone tells you to do something, do it without asking questions.

Everywhere we go we represent the South-Doyle High School Band. Act as if I were standing next to you at all times.

Let's not have to deal with PDA (Public Display of Affection) on the bus or at the game. Take care of that in the presence of your parents.

Have fun and always do your best!
